

Call Forwarding Always

Overview

The Call Forwarding Always feature allows users to forward all calls to their line to another number of their choice.

Feature Notes:

- Calls can be forwarded to either an external or internal number
- User level call forwarding is ignored by hunt groups, call centers, and other services used to ring groups of devices.

Feature Setup

1. Go to the group admin dashboard.

Dashboard / Service Providers / AllCoveredSP / Groups / demo-lab-dev

2. Select the user or service on which you want to enable forwarding.
